## What You Can Learn from Your Beltie:

1. Don't get in a hurry, unless there is food involved. Always be first in line for food.
2. Only follow the lead of someone you trust
3. The first step isn't always easy, but the reward is worth it.
4. Rolling around in new clean bedding is fun, sometimes you just need to jump on your bed and roll around and smell your fresh clean sheets.
5. Be cautious but curious and open to learning new things.
6. If you're the newest member of a group, get ready to find out where you rank. But don't let them knock you down easily.
7. Tell people how much you like them, even if they don't quite feel the same about you.
8. Love your babies! Protect them and devote your life to caring for them.
9. Routine is easy. But a spontaneous run to visit the neighbors, now that fun and exciting.
10. Don't get too close to a dog that you don't know.
11. Find friends that you know you'll always be able to lean on.
12. You can get as loud as you want to when there's a gate between you and the other guy. But you better be prepared to be able to back up your talking with some action when the gate gets opened.
13. Fix yourself up a little on important days,
14. **BETTER BE PRODUCTIVE!!** If not, the only free ride in life is to the sale barn.

## Dear KK Campers & Calves,

**Camp weekend will be here before we know it! We are busy getting everything set up for a great event!**

Below is a schedule for the weekend:

**Friday:** I know that some of you will be travelling a long distance to get to the camp, but please get to the camp as early as possible as events begin Friday at 3:00 p.m. Chuck McCullough will be covering washing your Beltie, daily hair care and feeding your calf. Remember, Chuck is affiliated with Sullivan Show Supply and will have a wide variety of products available for purchase at the camp.

**Saturday:** Chuck will focus on clipping. He has an effective method to teaching clipping lessons. You will start by watching Chuck clip the calf then you will mimic what he did on your animal. Chuck breaks down the clipping process into sections to give feedback on the spot.

**Sunday:** Fitting clinic and showmanship show with Charlie Bennett as our judge. Charlie is very familiar with the Beltie breed as he use to help me fit my cattle in the 90's and he has also been a judge at our Midwest Classic Show. Showmanship will begin at 2 pm.

**Notes:** Make sure you bring feed and hay for your calf as well as whatever you would like to use to bed them down overnight with. There will be a pen open to over-night them as a group if you would like. If you have a generator, please bring it for your blower. The hotel will provide you with breakfast each morning, lunch will be ordered in and a pizza party will be on Saturday night. You will be dismissed following the showmanship show.

Cross your fingers for good weather! I promise you will learn so much from Chuck and his team as well as make some new Beltie friends! See you soon! If you have any questions, please contact Kathi at [kathikowski@gmail.com](mailto:kathikowski@gmail.com).
